

Application Serial No. 10/716,341  
Response to Final Office Action dated October 18, 2005

**Remarks**

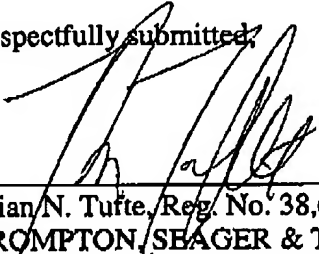

Favorable reconsideration is respectfully requested in light of the above amendments and following comments. Applicants have received and carefully reviewed the Final Office Action mailed October 18, 2005. Applicants thank the Examiner for indicating the allowability of all the pending claims except for the antecedent basis objection to claim 6. Claims 1-13 and 24-33 are pending.

Applicants have amended claim 6 to indicate that the "one dynamic optical face" is "the dynamic optical face" defined in claim 1, as suggested by the Examiner. No new matter has been entered as a result of this amendment and this amendment places the claims in better form. Thus, Applicants respectfully request entry of this amendment, withdrawal of the objection to claim 6, and allowance of the pending claims.

If the Examiner would like to discuss the application or its examination in any way, please contact the undersigned attorney at (612) 359.9348.

Respectfully submitted,

Dated: November 9, 2005
